Stafford Municipal School District Lottery Process

In February 2021, Stafford MSD was awarded the designation by the Texas Education Agency (TEA) to be a provisional Early College High School. Through our partnership with Houston Community College (HCC), Stafford's ECHS has the opportunity to offer students of all demographics and economic status the ability to earn an Associate Degree (60 college credit hours) at no cost to them or their family while attending high school. Our primary goals are to inform, recruit, and enroll students from differentiating backgrounds and economic status and increase their opportunities for post-secondary success.

All Early College program admittance is based on an application process. Students will apply through the "Apply Texas" (https://www.applytexas.org/adappc/gen/c_start.WBX) website and submit a district online application. Once the students are validated within the system (usually within 24-48 hours), an email will be sent out to the parents to arrange a meeting to discuss placement and further requirements to maintain enrollment.

Admission Policy

1. During 8th grade year, take the PSAT exam
2. Submit interest form during 8th grade year
3. Email will be received to arrange a meeting to discuss enrollment policies and procedures
4. Apply through Apply Texas Website
5. Receive HCC ID# (usually within 24 hours)
6. Submit HCC Dual Credit Waiver
7. Meet with counselor to register for the Associate Degree Program

BENCHMARK 2 PARTNERSHIP AGREEMENT

- **Defines the partnership**
- **School district shall pay for college tuition** (for all dual credit courses, including retakes), fees (including TSI administration fees), and required textbooks to the extent those charges are not waived by the partner IHE;
- **Defines an active partnership** between the school district(s) and the IHE(s), which shall include joint decision-making procedures that allow for the planning and implementation of a coherent program across institutions; and
- **Data-sharing agreement** that promotes collaborative interventions with processes for collecting, sharing, and reviewing program and student data to assess the progress of students served by the ECCHS Design
